

## CARNEGIE COMES OUT FOR TARIFF REFORM AND SAYS PUT STEEL ON FREE LIST

### Now Let the Stand-Patters Give Him the Stigma of "Free Trade Andy"

### He Declares Infant Industries No Longer Need Tariff Protection---Would Retain Duties for Revenue, and Just as the Democrats Have Contended for Years, Would Maintain Tariff on Luxuries Bought by Rich.

New York, Nov. 23.—A notable article from Andrew Carnegie, dealing with the tariff, will appear in the forthcoming December number of the Century Magazine, in which the iron master takes the position that "infant industries" no longer need protection; that the steel and other industries have now grown beyond the need of tariff protection; that duties on luxuries used by the rich should be maintained, but those on manufactured articles should be reduced greatly, or abolished entirely, when no longer needed.

Mr. Carnegie's article is entitled: "My Experience With and Views Upon the Tariff." He first reviews the tariff movements down to the present Dingley law, giving a number of anecdotes in which he figured with the prominent tariff leaders of the various periods. He adds:

"Much water has run under the bridges since then. I have been led to the conclusion that conditions have changed so greatly in the interval that the tariff should now be viewed from a new standpoint."

The writer assumes that a decided majority of our voters are agreed:

"First, that it is advisable for new countries to encourage capital by protective duties, when seen to be necessary to develop new industries.

"Second, that after full and exhaustive trials, if success be not fully attained, such protection should cease, except as noted hereunder.

"Third, that should the experiment succeed, protection becomes unnecessary, and should steadily but gradually be abolished, provided that the home supply of any article absolutely necessary for the national safety shall not thereby be endangered."

Further on Mr. Carnegie says:

"We have already become by far LEADING LAWYERS FOR AND AGAINST STANDARD OIL."

New York, Nov. 23.—Led by John G. Milburn, chief counsel, the Standard Oil company is making the hardest fight of

its existence in the federal republic by New York Frank B. Kellogg, who is leading the fight for the government, is the man who presented the oil company when the \$2,000,000 fine was assessed by Judge Landis in Chicago.

the greatest of all manufacturing nations. Our 'infant industries' of the past have reached maturity and, speaking generally, are now quite able to protect themselves. The piling infant in the nurse's arms that congress in 1871 nursed so tenderly will appear next year before its guardian as the stalwart champion who has conquered many fields, thus proving himself worthy of the protection bestowed upon him in his youth, and fully vindicating the protective policy pursued.

"While the tariff as a whole even today has ceased to be primarily beneficial as a measure of protection, it has become of vast importance from the standpoint of revenue, and it is to this feature I bespeak the special attention of readers of all parties, for duties upon imports, not for protection, but for needed revenue, should not become a party question. Reasonable men of all parties may be expected to approve this plan of obtaining revenue."

After giving tables showing that the bulk of tariff duties are collected on luxuries used by the rich, Mr. Carnegie says:

"Thus does the American tariff, in happy contrast to others, almost exempt the poor and heavily tax the rich, just as it should; for it is they who have the ability to pay as required by the highest economic authority."

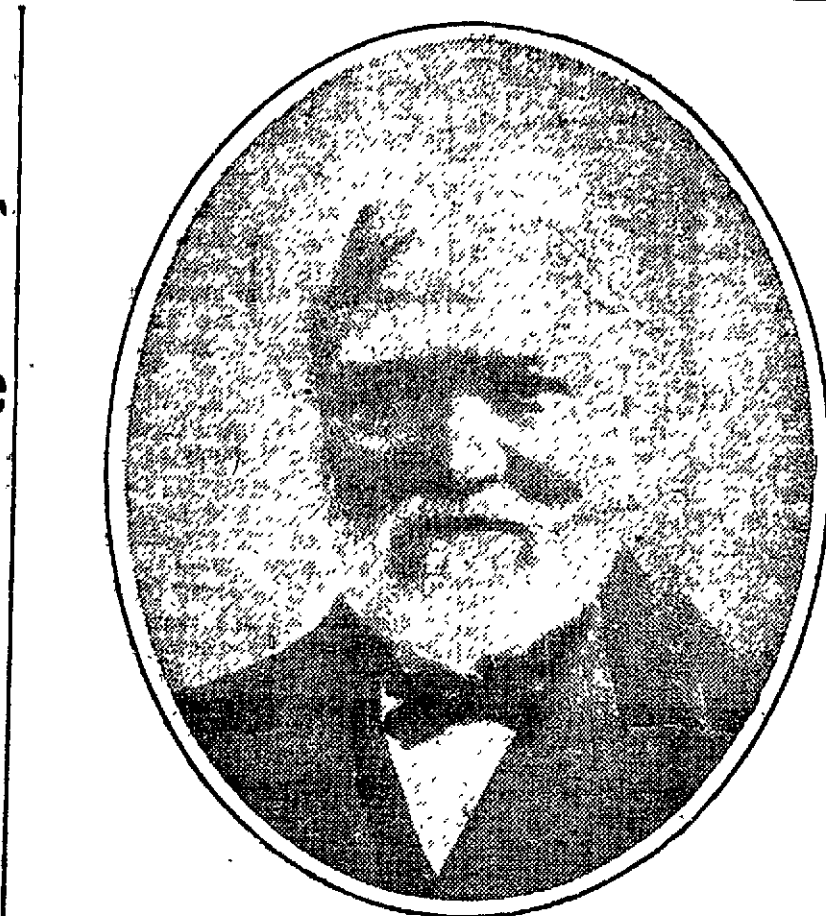

Mr. Carnegie says of future tariff legislation: "The next congress dealing with the tariff will probably be inclined at first to reduce duties all around and perhaps to abolish some, but its first care should be to maintain present duties, and even in some cases to increase them, upon all articles used almost exclusively by the rich. This is the first and prime duty of congress. We should not forget that government expenditures have increased enormously in recent years and that additional revenue is required."

"Its second duty is to reduce duties greatly upon manufactured articles and to abolish entirely those no longer needed."

"The writer has co-operated in making several reductions, as steel manufacturers became able to bear reductions. Today they need no protection, unless, perhaps, in some new specialties unknown to the writer, because steel is now produced cheaper here than anywhere else, notwithstanding the higher wages paid per man. Not a ton of steel is produced in the world as small an outlay for labor as in our country. Our coke, coal and iron are much cheaper, because more easily obtained and transported, and our output per man is so much greater, owing chiefly to the large standardized orders obtainable only upon our continent; the specialized rolling mills; machinery kept weeks upon uniform shapes, with change of rolls, and several other advantages."

"The day has passed when any foreign country can seriously affect our steel manufacturers, tariff or no tariff. The republic has become the home of steel, and this is the age of steel. It may probably be found that there exists the small manufacturer of some specialty in steel which still needs a measure of protection. The writer hopes, if such there be, the committee will give patient attention to such cases. It is better to err on the side of giving these too much rather than too little support. Every enterprise of this kind should be fostered. The writer speaks only of the ordinary articles and forms of steel as being able to stand without protection. He hopes there are today pioneers in several new lines requiring protection which will be generously given, temporarily. The committee should welcome such special cases."

Mr. Carnegie says that several other

features of the tariff should be carefully looked into, more particularly illuminating oils, thread and cutlery. Further on, he says:

"The infant we have nursed approaches the day when he should be weaned from tariff milk and fed upon the stronger food of free competition. It needs little, if any more nursing, but the change should not be made abruptly. It is better to err upon the safe side, if we err at all, but he is the best of protectionists who corrects all faults as they are revealed and positively declines to subject the nation to protection, always with the resolve that it shall be temporary."

"In the writer's opinion, the revision of the tariff could today safely and advantageously be made a radical one upon the lines suggested; but if congress, in deference to the timid manufacturer 'whom we have always with us,' thinks it prudent not to disturb his dreams unduly, and only halves present duties on some articles and abolishes them entirely upon others—always provided it guards jealously the present duties upon the luxuries of the rich for revenue—the writer will be thankful, and philosophic as usual because one step in the right direction will have been taken and he knows the final step must come before long, the sooner the better."

## MINNESOTA'S OFFICIAL VOTE

St. Paul, Nov. 23.—Complete returns on the election in Minnesota were received today by Secretary of State Schmah. The total vote for president in Minnesota was 303,325, of which Taft received 195,786; Bryan, 109,433; Chafin, 10,114; Higgen, 523, and Debs, 14,416. Taft's plurality, 86,353.

The total vote on governor was 332,105, of which Johnson, Dem., received 173,346; Jacobson, Rep., 145,278; Haggard, Prohibition, 65,787; Moore, Public Ownership, 6,312; Allen, Independence, 591. Johnson's plurality, 28,002.

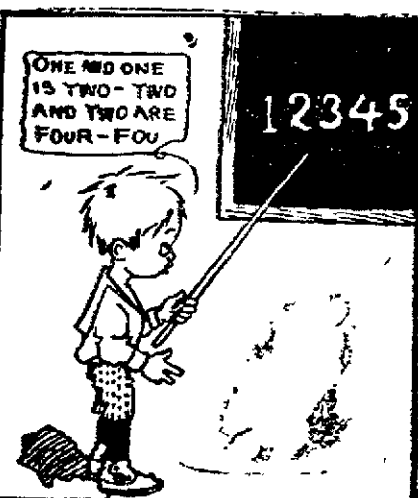

## BRYAN'S PLURALITY IN NEBRASKA

Lincoln, Nov. 23.—Bryan carried Nebraska by a plurality of 4,102, according to an official tabulation. Taft received 126,997, Bryan 131,099. It is thought that a slight error exists and a retabulation is being made.

## WILL WAIT TO SEE HOW IT WORKS IN OTHER COUNTIES

Canton, Nov. 23.—Canton saloon keepers have heard rumors the past few days that petitions are in circulation calling for a local option election. District Superintendent Marsh of the Anti-Saloon league, set at rest all rumors by saying that no local option election would be held here until spring. He admitted that local option literature would be circulated. A sentiment favors waiting to see how local option works in the "dry" counties.

## FIRST CITY

To Officially Adopt Advertising as a Means of Growth is St. Paul, Minn.

Saint Paul, Minn., Nov. 23.—Not only does Saint Paul warmly endorse the results of city advertising, but the municipality will enter the field in an official capacity during 1909 and the present city advertising campaign, started more than a year ago by leading business men will be backed by the city and largely supported through city funds drawn from taxation. The special investigating committee of the city council has strongly endorsed the project and the city will by unanimous council vote include \$25,000 per year in the new budget for this purpose. This action will make Saint Paul one of the first cities in the United States to officially adopt advertising as a means of growth.

The present campaign, involving \$50,000 per year, as launched and supported by business men. The city will add \$25,000 annually to what the business men are raising.

## FREIGHTS CRASH ON LAKE ERIE

Cleveland, O., Nov. 23.—Firemen Harry Jones and J. A. Hammon, both of Canton, and an unknown trainman, were injured; Hammon probably fatally, when two Wheeling & Lake Erie freight trains crashed head-on at Falls Junction today. A misunderstanding of orders caused the wreck.

## LOSS OF LIFE WILL BE HEAVY

London, Nov. 23.—Reports of damage caused by yesterday's terrific gale, which swept the British coast, indicate that loss of life will be very heavy, as several yachts are reported sunk off the southern coast, while others are missing. Railway service is badly disorganized. The storm wrought havoc in London.

## SHORE LEAVE FOR THE MEN

Manila, Nov. 23.—Admiral Sperry today called the navy department that he will allow the men of the Atlantic fleet shore leave in Manila, and permit them to participate in the parade and festivities. He says that the few existing cases of cholera in the Philippine capital are isolated and will not menace the health of the fleet.

## TREND OF INQUIRY IN STANDARD CASE INDICATES CRIMINAL PROSECUTION

New York, Nov. 23.—John D. Rockefeller was dragged over some rough legal highways during today's session of the dissolution suit before Commissioner Peris, and the trend of inquiry lent color to the growing idea that Federal Prosecutor Kellogg has his ambition fixed on the criminal prosecution of the high counselor of Standard Oil. The government attorney's persistent questions in an at-

tempt to fix direct responsibility for operations of doubtful legality are adding to this opinion. The evidence adduced demonstrated beyond question that only stock of the trust was used in the purchase of competitors' plants which in many instances were demolished after having been taken over. Rockefeller admitted that two railroad presidents and three directors of other carriers corporations were heavy stockholders in the Standard Oil company.

## BOYS AND GIRLS WILL GET \$100 XMAS PRIZES

Thirty-nine boys and girls are entered in the Advocate's \$100 cash prize contest for subscriptions, which has just been started. The contest ends one month from today, so there is plenty of time for more boys and girls to send in their names and get to work. The Advocate will furnish blanks and give all information desired. It is easy work to secure subscriptions among your friends, at 50 cents each. There will be 14 cash prizes, ranging from \$25 to \$2.50, and those who fail to win a cash prize will be paid for their work by this paper. Get busy now. Come in and let us talk it over. The contest is sure to bring you some Christmas money, and which the boy or girl who doesn't like a little money, especially at Christmas time?

## WOOLING of Miss Elkins by Duke Receives Setback

## COURT LADIES OBJECT

### All of Them are Arrayed Against Proposed Marriage

### Could Not Live Down the Resentment His Marriage Would Provoke.

New York, Nov. 23.—A special copyright cable to the World is as follows:

"A close personal friend of the Duke of the Abruzzi explained today the exact status of the duke's wooing of Miss Katherine Elkins. This friend is a prominent member of the household of Princess Letitia, the duke's stepmother.

"That the duke and Miss Elkins will marry is more problematical than ever," said this nobleman. "The duke's hopeful and untiring efforts have never overcome the opposition of Dowager Queen Margherita and now the duke has only a forlorn hope of marrying the fair American."

"Queen Margherita, not Queen Helena, is the leader and mouthpiece of fashionable society, and, in her opposition to the duke's marriage, has the cordial support of the royal princesses and of practically every feminine member of the Italian aristocracy.

"This petticoat power is immense, almost irresistible. Take the experience of Queen Helena, who has been always unpopular with these aristocratic ladies. Princess Letitia treasures her as if she were a mental. The superb Duchess of Aosta permits herself to make the sovereign lady the butt of her gibes and jokes in public.

"But if Queen Helena's position at court is only tolerable, what would royal rank mean to an American girl, of far different temperament from the queen's wish all these proud ladies arrayed against her?"

"The Duke of the Abruzzi has kept out of society more than any other Prince of the house of Savoy. He has not frittered away his time in fashionable diversions, which weary him. So, unacquainted with society cabals and scheming, he has only recently been able to gauge the consequences, fraught with the greatest peril to their mutual happiness, to which marriage will expose Miss Elkins and himself.

"The prospect is one from which the duke recoils. He knows now not only that Italian society opposes the match, but that the prospect is remote of living down the resentment his marriage will provoke—resentment which even the king's formal approval would not lessen materially."

## WILL ATTEMPT TO CROSS LAKE

Canton, Nov. 23.—The balloon, "All America," with Leo Stevens as pilot, ascended from the aero grounds today and will attempt to cross Lake Erie. The balloon struck a favorable current about 1000 feet up, and sailed away to the northward. Beside Stevens, the balloon carried three passengers.

"Paid in Full," Joseph Brooks and his wife tried it and failed. Joe is an \$18-a-week clerk. He is sour and embittered. His wife, although be-

fore her marriage accustomed to luxury, bears the privations of her lot uncomplainingly until one fateful night, when she lets Joe see how she has suffered. From that hour he becomes a thief. The young woman thinks his salary has been advanced. His thefts are discovered. Then to his wife Joe says: "I've gone the limit for you; now it's up to you to save me." She never sees her husband again. "Paid in Full" comes to the Auditorium tonight.

Val Galbraith, son of a road-house keeper, has killed a reservation Indian under peculiar justification, and is wanted by the Canadian police. Having an affection for Val's sister and being under obligations to Val, Pierre undertakes to inform the fugitive's father and promote his escape. His efforts to free the boy furnish the

dramatic situations in the play, which are said to be the most stirring presented in any comedy drama seen on the stage this year.

Ha, ha! It is here! A real travesty, and Chantrell and Schuyler have been booked over the Sun circuit in their Hamlet Up-to-Date, and are at the Orphium the first three days of this week. Without any reflection on "Bill Shakespeare," it is certain there is more real enjoyment to a lot of people in a travesty on one of his immortal masterpieces than there is in the average production of that tragedy. Chantrell and Schuyler, who will produce the travesty on Hamlet, are top notches on burlesquing.

Clyde Fitch is quoted as having once said that he believed that it required more versatility and in some respects an equal amount of talent to burlesque Shakespeare than it does to produce it. Chantrell and Schuyler have all ability necessary, and it will be all the more appreciated in the ludicrous situations. Schuyler's singing is a marked feature of the act.

### OBITUARY

#### MRS. MARY A. MORRISON.

Mrs. Mary A. Morrison, one of the oldest and most highly respected pioneer women of the county, died Saturday, Nov. 21, at her home near Linville, at the age of 88 years, after an illness of some time. Her husband has been dead for some years. She is survived by eight children, Jacob, of Franklin township; Isaac and George, of Newark; Mrs. Kate Redmond, of Franklin township; Mrs. Sarah Hirst, of Brownsburg; Mrs. Wm. Kelley, of Bladensburg; and Mrs. Veat Hirst, of Spokane, Wash. The funeral services were held at the Methodist church at Brownsburg Monday at 10 o'clock.

#### MRS. SARAH P. LAMP.

Mrs. Sarah P. Lamp, wife of the Rev. James M. Lamp, pastor emeritus of the Christian Union church, died at her home, 614 West Main street, Sunday evening at 5:10 o'clock, after an illness of only six days with pneumonia, aged 70 years. She was born and brought up in Franklin county and was a daughter of the late Miles Hanson, a former prominent farmer of that county, but had been a resident of Newark for the past thirteen years. She is survived by her husband and two sons and one daughter, being the Rev. Mr. A. Lamp, William Lamp and Mrs. Frances Orr. She was a true Christian woman. Short services will be held at the house Tuesday morning at 10 o'clock, standard time, after which the remains will be taken to the Fairmount church, where the funeral services proper will be conducted by the Rev. E. S. Pilling, pastor of the Pine Street Christian Union church, and the interment will be made in the Fairmount cemetery.

#### JOHN W. THOMAS.

Word has been received here of the death of John W. Thomas (Jack), a former resident of Newark, who was employed in the old Newark rolling mill in the early seventies, and who, on the collapse of that industry, went to Chicago. His death occurred at Chicago Heights, Ill., a few days ago. Mr. Thomas, after going to Chicago Heights, became one of the largest mill owners of the country and was one of the prominent citizens of the place, having been elected mayor and filling many other positions of trust. #### MR. THOMAS B. COCHRAN.

Mr. Thomas B. Cochran, one of the oldest and best known of the pioneer residents of Licking county, died at the home of his son-in-law, Henry Gerlach, four miles southwest of the city, Sunday morning at seven

o'clock. He had been critically ill since Wednesday of last week. The deceased was born August 10, 1821, in Hagerstown, Md., and was in the 87th year of his age. He came to Ohio in 1827 with his father, Alexander Cochran, and family, and settled about three miles southwest of Newark. There were four brothers, John P., William H., Cornwalls and Isaiah Y., Cochran, and two sisters, Mrs. Elizabeth A. Lees and Mrs. Catherine Dolph, east of the city. In early life Mr. Cochran was married to Miss Melissa Beaver. Mrs. Cochran died when the children were all quite young. All the children died except two, who lived to maturity—Mrs. Henry Gerlach and Mrs. Catherine Dolph.

The funeral services will be held at the chapel in Cedar Hill cemetery, Tuesday afternoon, and the interment will be made beside his wife and children.

#### LEROY L. BOUNDS.

Leroy L. Bounds, aged 68 years, one of the best known residents of Granville township, died at his home two miles northeast of Granville, on Monday at 2:30 a. m., after a very brief illness due to pneumonia.

Mr. Bounds is survived by a widow, four sons and one daughter. The children are: Charles J., Mrs. James Coyte, Curtis A., all of this city; Andrew O., of Fostoria, and Marion A., of Brownsburg.

The funeral services will be at the East Newark M. E. church at 10 o'clock. The Rev. Mr. Trout will officiate.

#### J. ERNEST SHUCKHART.

Mr. J. Ernest Shuckhart died at his home in Toledo Monday, Nov. 16. He was born in Frostburg, Md., on March 2, 1862, where most of his boyhood was spent.

He is survived by a wife, one sister, Miss Kate, of Newark, and four brothers, Charles, of Newark; Will, of Frostburg, Md.; Fred, of New Mexico, and Harry, of Colorado.

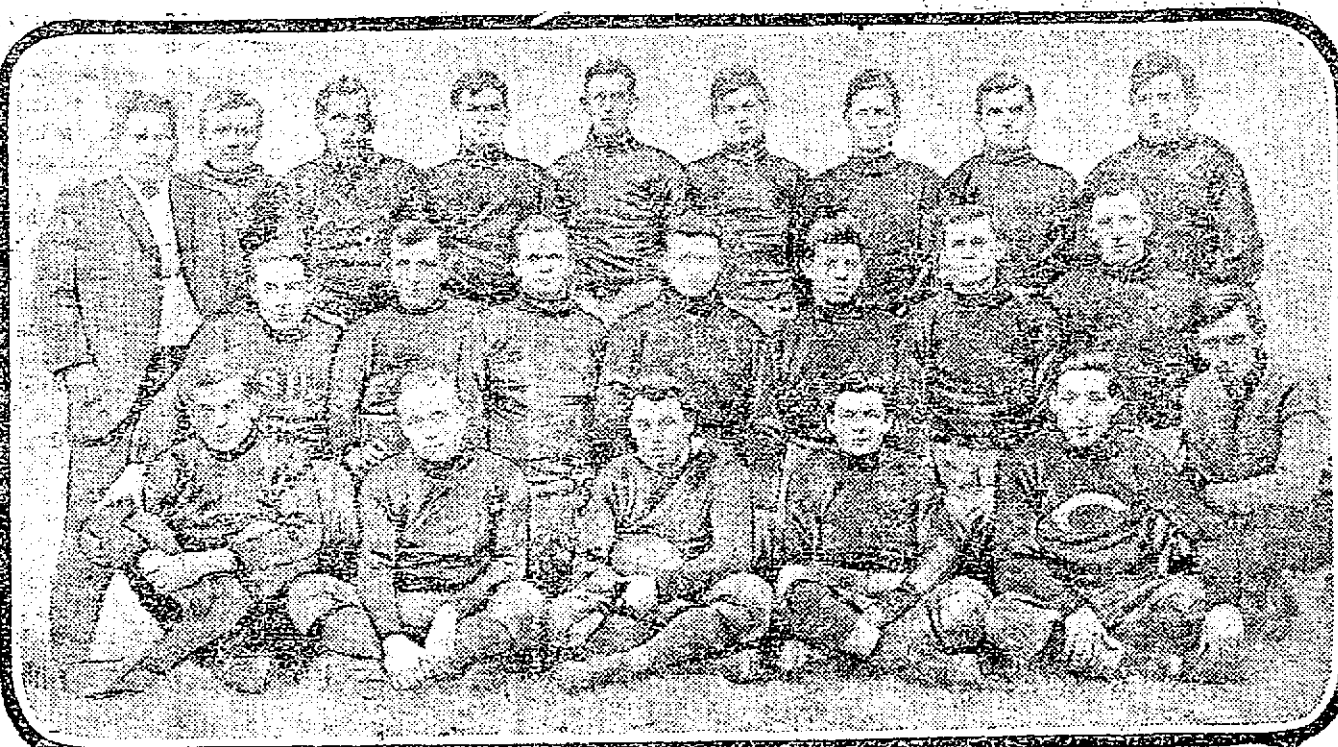

The funeral took place in Frostburg, Md., Friday afternoon.

#### CORINNE CAMPBELL.

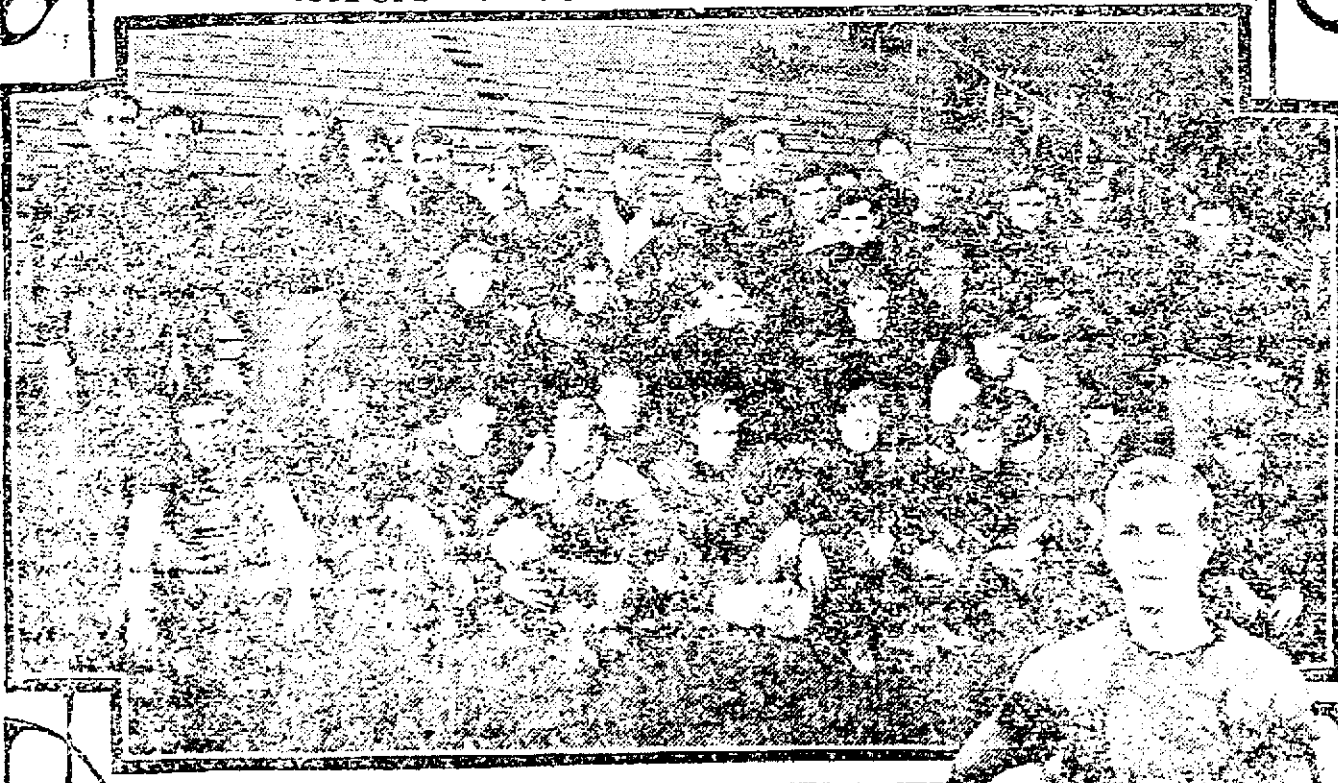

Corinne Campbell, aged 8 years, the daughter of Mr. and Mrs. James D. Campbell, of 68 Bacon Vista St., died at 11:30 Monday forenoon, after four days' illness with diphtheria. The funeral will take place at the house at 10 o'clock Tuesday morning. The Rev. Mr. Trout, of the Second M. E. church, officiating.

made a few remarks, telling the people who are not acquainted with the

He also said we would use only fair and just means and he hoped the

report, and also made a few remarks very appropriate for the occasion by  
stating that all press committeemen should, whether for or against this  
movement, ever bear in mind that truth and reason constitutes that in-  
tellectual gold, that defies destruction, and that we, your press committee,  
are unalterably opposed to any matter going in print that would mislead  
the average wage-earner; as your press committee, we will publish  
nothing but facts and true figures.The organization committee reported progress. Gottlieb Flohr,  
chairman information committee; J. P. Sullivan, chairman, reported  
great progress on information.Ways and means committee, Fred Shimmel, chairman, reported  
progress.The following resolution was adopted by the Newark Trades' and  
Labor Council of Newark, Ohio: The County Local Option commit-  
tee are using a report of Lowellyn Lewis of the Ohio Federation of Labor,  
where he says, "The brewery had mislead the brewery-workers." I say  
it is false, and President Lewis knew it when he made that reply. The  
resolution that was presented at this convention, drawn up by a commit-  
tee of various unions and crafts—engineers, firemen, cigarmakers, wait-  
ers and woodworkers—was defeated by such men as John A. Voll, vice  
president of the Glassblowers' association; Max Hayes, of the printers';  
James Wood, of the Central Body; Winnel, of the Engineers, and others,  
and was opposed by Lewis and Hitchens, and was defeated by a pack-  
ed convention, by Lewis, for a purpose to get a position from the politi-  
cal machine for himself, and retain the one his brother holds. He says  
further: "That the brewery interest had defeated some champions of or-  
ganized labor for renomination. What did he and his packed conven-  
tion do when they defeated James A. Reynolds, one of the best cham-  
pions of labor? He was the father of the child labor law, and many others  
in the interest of labor."At a meeting of the Newark Trade and Labor Council, held the  
8th day of November, 1908, the following resolution was introduced:  
To the Newark Trade Unions and Labor Council:Whereas, At the last convention of the Ohio Federation of Labor,  
President Lewis and Vice President Hitchens, acted like a czar, and not  
as fair-minded men, in turning down a resolution for the welfare of 90  
per cent. of the bonified organizations affiliated with the A. F. of L.  
Therefore, be itResolved, That the Newark Trades' and Labor Council enter a protest  
against the action of President Lewis and Vice President Hitchens;  
and be it furtherResolved, That a copy of these resolutions be sent to the executive  
board of the Ohio Federation of Labor and to the Brewery Workers'  
Journal of Cincinnati.Endorsed by the Newark Trades' Union and Labor Council, this 8th  
day of November, 1908.

## THE FOLLOWING IS A LETTER FROM THE AMERICAN BOTTLE CO.

The Workingmen's Protective Association, Newark, Ohio:

Dear Sirs—At the Newark, Ohio, plant of the American Bottle Com-  
pany, prior to the passage of the Rose County Local Option Bill, in Feb-  
ruary, 1908, there were employed 1543 wage-earners. Comparing the  
amount of wages paid the employees prior to the passage of the Rose  
County Local Option Bill, and the amount paid now under the present  
conditions, there is an aggregate loss to the wage-earners of \$67,000.00  
per month. All of the hand-blown factories—six in all—have been re-  
paired and put in condition, ready to resume operations, but are now only  
awaiting a reversal of the present conditions.Yours very truly, THE AMERICAN BOTTLE CO.  
Per F. E. Fitzgibbon.The chairman called the secretary of the Cigarmakers' Union for a  
few remarks as to what effect this movement would have on the cigar  
trade. Mr. E. D. Everts, secretary of Local No. 176, submitted several  
letters to prove our contentions. The following letter is from Cleveland,  
Ohio.

Cleveland, O., Nov. 12, 1908.

Dear Sir—Replying to your inquiry of the 10th, I have to say that  
the election pending in Lake county (now dry), has had the effect of put-  
ting all of our members out of work. There is but one cigarmaker work-  
ing in Painesville, the county seat of Lake county. The late election of  
Lorain county, where nearly all our members were laid off prior to elec-  
tion, are all at work again, the county having gone wet. We have cigar-  
makers coming in from towns which have voted dry, nearly every day, to  
swell the number of unemployed, as there is no jobs here.

Yours fraternally, W. J. CANNON, Sec.

I will also state in connection with the above facts that the majority  
—in fact, nearly all the cigarmakers in our city today—have been placed  
on a limit since the Rose law was enacted, and the coming election will  
seal the facts of the cigarmaker and his family. These are facts. We  
must live, and how can we if our source of living is taken away from us?Respectfully yours, PRESS COMMITTEE,  
Wage-Earners' Association.

## THE NEW SHEATH GOWN.

When they read the funny papers  
every lady has to frown, at the awful  
things the men all say about the new  
sheath gown; for they think that it's  
no business of the men, how women  
dress—and come to think it over,  
that is really true, I guess. But the  
men, while not authority on styles  
that women wear, all admire a pretty  
figure, so don't blame them if they  
stare. But greater worth has woman  
in the eyes of any man, when he  
learns that Spartan Stain she uses  
every place she can. Spartan Stain  
is just the thing for floors and doors,  
and all woodwork, either old or new.

## MAYOR ATHERTON

Issue a Card Reiterating His Stand Taken Shortly After He Was Inducted Into Office.

Owing to the fact that a great deal of criticism has been brought upon me as regards the manner in which I am conducting the government of the city of Newark, I feel called upon to explain to the residents of the city of Newark just where I stand upon certain matters.

It is a well known fact that I received a large majority of the votes at the election which made me mayor of this city. My policy at the time was clearly defined for the reason that I served as mayor on two former occasions. I have not changed in my views of what is best for the interests of the city now as compared to my former beliefs. But I do realize that public opinion should govern me in the matter of dealing out justice, and upon this platform I was elected by an overwhelming majority. There has been complaint registered with me that the saloon men of this city were violating the laws. On Saturday a committee representing the saloon men and other business men of the city called at my office and asked me to take special pains to see that the saloon men were forced to live up to the law. This I promised to do.

Not only did I promise to do this, but I instructed the chief of police, Robert Zergiebel, to have the officers watch every saloon keeper in the city and should any officer find that the law was being violated, that the officer should be arrested without discussion.

The result was that three offenders were arrested and fined by me on Monday morning, the customary fine, \$50. The next time they appear before me the dose will be doubled. I promise in the future to be governed by the laws which makes a violation of offense and I will inflict all the punishment upon offenders that my position as mayor will permit me.

This doesn't mean for the present, residents of Newark, but for all time to come, so long as I am mayor of the city, my friends will suffer alike with

me.

HERBERT ATHERTON,  
Mayor.

## GREAT VICTORY CELEBRATED BY DENISON BOYS

Wooster Downed by Score of 24 to 0. Hunters From Granville Return With Well-Filled Bags.

Granville, Nov. 23.—At an early hour Saturday evening word was received from Wooster that Denison had won from Wooster in the football game by a score of 24 to 0, and the news was general rejoicing, not only on the part of the students, but by the people of the village in general.

The great, glorious, triumphant victory—24 to 0—set the giant mind of the student body awash, their partisan and patriotic hearts, souls, minds and stomachs yearned for satisfaction in celebration, and they sallied forth in glad array, bent on smearing red paint until Granville would look like a huge crushed strawberry. Word was passed along the line that there would be something doing later in the evening and about 10 o'clock a large number of the students met near the postoffice, and after discussing the matter, separated and collected all the store houses and other inflammable material that they could lay their hands on, and marched to the vicinity of Shepherd College. Here a huge bonfire was kindled, the flames piercing the heavens, triumphant yells rent the atmosphere, "Hud an' don't!" added a unique feature to the scene. Rome began to howl, but howling did not satisfy the student thirst for genuine excitement, and they broke loose in their college songs, singing nearly every Denison song in the catalogue, and finally climaxed the celebration by the firing of the fire bell. It was a wild, hilarious celebration, and had been equalled on but few occasions in the history of Denison.

Hunters continue to leave Granville for the woods and fields by the dozen. Undoubtedly there is pleasure in the shooting of game and great

satisfaction in seeing the fleeing rabbit or the flying quail fall under the accuracy of one's aim. But hunters under the stress of excitement and the desire to create a record, are prone to go beyond the limits of sportsmanship and carry their killing to the bounds of ruthless slaughter. Men coming in from the country districts are loaded down with enough rabbits and quail to last their own families and the families of their friends far beyond the time when they will be in good condition to eat. They are shot, not because wanted for food, but for their mere pleasure of shooting and that the hunter may boast of how many he has killed and tell of his power as a marksman.

The beautiful country home of Mr. and Mrs. Wm. Smith, a short distance north of town, was the scene of a pleasant surprise Saturday night when a large number of his friends and neighbors gathered to remind Mr. Smith that it was his birthday. The evening was spent in various games, music and in the discussion of a fine supper. At a late hour the guests departed, hoping to meet again. A jolly good time was had by all present.

Thomas Morgan, who is employed on the farm of E. E. Jones, several miles southeast of Granville, was painfully injured Saturday afternoon by being kicked on the right leg by a horse. The young man was engaged in carrying the animal when the accident happened. No bones were broken, but the leg is severely bruised and will be sore for some time. In a slow and uninteresting game

Doane won from the Columbus Bill institute Saturday on Beaver Fie by a score of 59 to 9, and could have doubled the score if so desired. The game was a good one as a practice game for Doane, but otherwise it was a listless travesty on the great college sport.

Among the patents granted Ohio inventors during the past month is one to H. G. Dorsey of Granville, for an automatic deposit box.

Mr. and Mrs. Charles McOWens, of "razersburg, O., who have been visiting relatives and friends in Granville and vicinity during the past week, have returned home.

As the result of a movement inaugurated some time ago by the head of the history department of Denison university, Prof. E. Goodell, much good has been accomplished. Attorney William Harvey Jones, '35, of Columbus has donated over 300 valuable volumes to the university for the law library. The books have already arrived.

A very unique and clever stunt was given by the freshman class of Denison university Saturday evening in Doane gym. The young people of the class, who numbered about 75, came dressed to represent advertisement agencies, such as Uncle Biscuit, the Gold Star Twins, Dainty Dorothy, Hair Ribbons, Spinning Wheel Stationery, Hardware, and many others. The hall was decorated with festoons of blue and maroon, the colors of Denison, and many cozy corners were found. Three large advertisements were placed on one side of the hall, showing the features of the parts. Delicious refreshments were served during the evening. The party was well carried out and a most pleasing time was given to all.

# American Hustle Tends to Deter American Progress.

By the Rev. Dr. CHARLES H. PARKHURST of New York.

AMERICAN hustle is putting its blight upon everything that really deserves to be called substantial American progress. A German is never in a hurry, but he does as much as an American and does it better and more thoroughly and with less wrench to himself and to other people.

BUT THE MOST SERIOUS FEATURE OF FRENZIED AMERICAN ACTIVITY IS NOT THAT WE ARE NOT DOING AS GOOD AND SOLID WORK AS WOULD BE ACCOMPLISHED WERE OUR ACTIVITY OF A LESS WEARING AND DISTRACTING KIND, BUT THAT IT LEAVES THE MINDS OF THE PEOPLE IN THAT TUMULTUOUS CONDITION THAT TENDS TO RENDER THEM INSENSIBLE TO ANY INFLUENCE EXCEPT SUCH AS EMANATES FROM THE FIELD OF MATERIAL INTEREST AND AMBITION.

This is not a season when men are deeply meditating; it is not a season when men are praying. And that is not simply because they are in too much of a hurry to think or pray, but because their STRAIN AND DISTRACTION destroy their capacity for reflection and devotion, and material results all our country through are being purchased at the expense of physical exhaustion, intellectual confusion, moral debility and spiritual sterility.

Everybody deprecates this condition of things, but everybody, or almost everybody, GIVES WAY TO IT. We have acquired the HABIT OF BEING IN A HURRY. It has become a kind of second nature with us to do as much as we can do naturally and then to ADD ANOTHER STINT to it and to hold our watch in our hands while we are doing it.

## Little Education For Wage Earners.

By Dr. EDWARD J. GOODWIN, President of Packer Institute, Brooklyn, N. Y.

SECONDARY system of education for the United States is yet to be worked out. In recent times the American school has not kept pace with national progress in production and methods of doing business.

WHILE THERE HAS BEEN SOME BROADENING OF THE SCOPE AND IMPROVEMENT OF THE QUALITY OF INSTRUCTION, EDUCATORS STILL LARGELY IGNORE THE INTERESTS OF THAT GREAT AND GROWING CLASS OF BOYS WHO ARE TO BE WAGE EARNERS, ARTISANS AND TRADESMEN.

The indictment against our present scheme of elementary instruction is that it overburdens the memory with uninteresting and useless material.

There are two great reasons for the establishment of trade and industrial schools and courses. The first is the GOOD OF THE YOUTH themselves; the second is the welfare of the nation in the UPBUILDING OF ITS INDUSTRIES. We are gradually coming to recognize the injustice of organizing our high schools in the interests of the FEW alone who are able to command a liberal or semi-liberal education.

What are our high schools doing today to meet the growing demand for skilled workers of all sorts? Practically nothing. They contribute in New York state, for example, less than 2 per cent of the men who yearly enter the so called "UNLEARNED" PROFESSIONS.

Those who are not my friends, so let everybody be governed accordingly.

In the future there will be no gambling or violation of the saloon laws, if I can prevent, and I will take active steps to keep informed of wrongdoing of all kinds.

(Signed)  
HERBERT ATHERTON,  
Mayor.

## GREAT VICTORY CELEBRATED BY DENISON BOYS

Wooster Downed by Score of 24 to 0. Hunters From Granville Return With Well-Filled Bags.

Granville, Nov. 23.—At an early hour Saturday evening word was received from Wooster that Denison had won from Wooster in the football game by a score of 24 to 0, and the news was general rejoicing, not only on the part of the students, but by the people of the village in general.

The great, glorious, triumphant victory—24 to 0—set the giant mind of the student body awash, their partisan and patriotic hearts, souls, minds and stomachs yearned for satisfaction in celebration, and they sallied forth in glad array, bent on smearing red paint until Granville would look like a huge crushed strawberry. Word was passed along the line that there would be something doing later in the evening and about 10 o'clock a large number of the students met near the postoffice, and after discussing the matter, separated and collected all the store houses and other inflammable material that they could lay their hands on, and marched to the vicinity of Shepherd College. Here a huge bonfire was kindled, the flames piercing the heavens, triumphant yells rent the atmosphere, "Hud an' don't!" added a unique feature to the scene. Rome began to howl, but howling did not satisfy the student thirst for genuine excitement, and they broke loose in their college songs, singing nearly every Denison song in the catalogue, and finally climaxed the celebration by the firing of the fire bell. It was a wild, hilarious celebration, and had been equalled on but few occasions in the history of Denison.

Hunters continue to leave Granville for the woods and fields by the dozen. Undoubtedly there is pleasure in the shooting of game and great

satisfaction in seeing the fleeing rabbit or the flying quail fall under the accuracy of one's aim. But hunters under the stress of excitement and the desire to create a record, are prone to go beyond the limits of sportsmanship and carry their killing to the bounds of ruthless slaughter. Men coming in from the country districts are loaded down with enough rabbits and quail to last their own families and the families of their friends far beyond the time when they will be in good condition to eat. They are shot, not because wanted for food, but for their mere pleasure of shooting and that the hunter may boast of how many he has killed and tell of his power as a marksman.

The beautiful country home of Mr. and Mrs. Wm. Smith, a short distance north of town, was the scene of a pleasant surprise Saturday night when a large number of his friends and neighbors gathered to remind Mr. Smith that it was his birthday. The evening was spent in various games, music and in the discussion of a fine supper. At a late hour the guests departed, hoping to meet again. A jolly good time was had by all present.

Thomas Morgan, who is employed on the farm of E. E. Jones, several miles southeast of Granville, was painfully injured Saturday afternoon by being kicked on the right leg by a horse. The young man was engaged in carrying the animal when the accident happened. No bones were broken, but the leg is severely bruised and will be sore for some time. In a slow and uninteresting game

Doane won from the Columbus Bill institute Saturday on Beaver Fie by a score of 59 to 9, and could have doubled the score if so desired. The game was a good one as a practice game for Doane, but otherwise it was a listless travesty on the great college sport.

Among the patents granted Ohio inventors during the past month is one to H. G. Dorsey of Granville, for an automatic deposit box.

Mr. and Mrs. Charles McOWens, of "razersburg, O., who have been visiting relatives and friends in Granville and vicinity during the past week, have returned home.

As the result of a movement inaugurated some time ago by the head of the history department of Denison university, Prof. E. Goodell, much good has been accomplished. Attorney William Harvey Jones, '35, of Columbus has donated over 300 valuable volumes to the university for the law library. The books have already arrived.

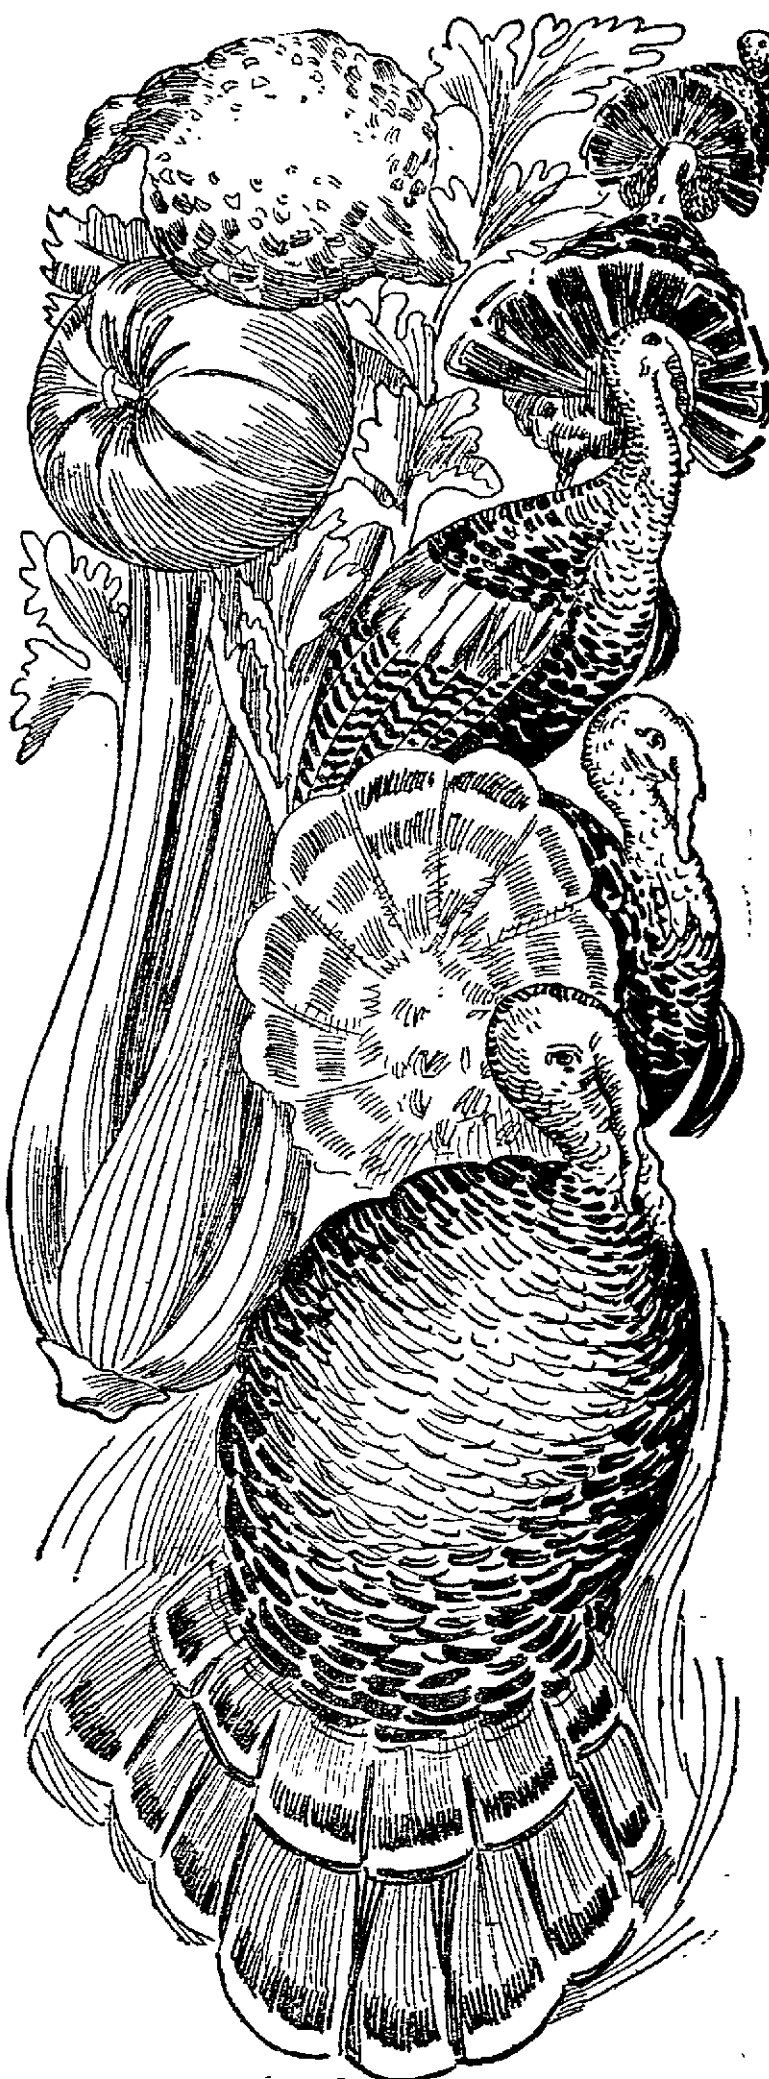

A very unique and clever stunt was given by the freshman class of Denison university Saturday evening in Doane gym. The young people of the class, who numbered about 75, came dressed to represent advertisement agencies, such as Uncle Biscuit, the Gold Star Twins, Dainty Dorothy, Hair Ribbons, Spinning Wheel Stationery, Hardware, and many others. The hall was decorated with festoons of blue and maroon, the colors of Denison, and many cozy corners were found. Three large advertisements were placed on one side of the hall, showing the features of the parts. Delicious refreshments were served during the evening. The party was well carried out and a most pleasing time was given to all.

The bill collector may not be a busy-body, but he generally finds people out.

## RUSSIAN SOLDIERS

FIRE UPON GERMAN MILITARY  
EXPERTS WHO WERE UP IN  
A WAR BALLOON.

Officials Were Near Russo-German  
Frontier and Were Warned Not  
to Cross the Line.

Berlin, Nov. 23.—German military experts were fired on by Russian soldiers today while making experiments with a war balloon. No one was hurt but the affair has stirred court circles here and in St. Petersburg. The latest military balloon built by German experts was in flight today and while 100 meters from the Russo-German frontier line it was spied by frontier guards. They warned the Germans they must not cross the frontier, and as their order was disregarded, a volley was sent in the direction of the big gas balloon. The German officials pulled the rip cord and made a hurried descent. Word was sent to Berlin and the foreign office protested to the Russian embassy.

## LOCAL OPTION IN ETNA TOWNSHIP

What may prove an attempt to test the constitutionality of the Rose county option law, as is being practiced in some of the other counties of the state, developed in Etna township some time ago, and as a result, a township option election is being held there today.

A petition was circulated some weeks ago and presented to the trustees of Etna township on Nov. 2, and for the past few days there has been considerable speculation as to the outcome of the vote in that part of the county.

## A FAMOUS BEAUTY SPECIALIST

Gives Advice to Women Lacking in  
Energy and Vitality.

Thousands of women are using toilet preparations unsuccessfully. Cosmetics fail to improve their thick, muddy complexions or to banish the pimple's blackheads and crow's feet.

No wonder. Their trouble lies far deeper than the skin. They have bad blood, and bad blood in 90 per cent. of the cases arises from inflammation of the mucous membrane. Their blood is filled with poison which is sure to break out in unsightly humors and blotches—while pale, drawn faces, deep circled eyes, stooping shoulders and weak backs complete the story of suffering and despair.

Inflammation of the mucous membrane is catarrh. Banish catarrh and complexions will clear as if by magic, pain vanish, eyes brighten, faces become plump and shoulders erect. Perfect beauty goes only with perfect health, and perfect health for women can only be obtained through Revall's Mucin-Tone, the one positive and permanent cure for catarrh.

Mrs. Swift, 11 W. 24th St., New York City, the most famous beauty specialist in the world, and an accepted authority on all relating thereto, has this to say of Mucin-Tone:

"I can strongly endorse the claim made for Revall's Mucin-Tone as a cure for systemic catarrh. Its tonic effect is remarkable. It builds up the strength and restores vitality. If women who are tired and run down, lacking in energy and vitality, will use Mucin-Tone, they will praise it as I do for its strength giving and healing qualities."

Revall's Mucin-Tone works through the blood, and acting directly upon the mucous cells, the cause of inflammation of which are the sole cause of catarrh, causes them to expel the poison and to resume their natural functions. Thus the mucous membranes are cleansed, the blood purified and revitalized.

We know that Revall's Mucin-Tone will cure every form of catarrh, no matter how located, of how long standing or of what other name it is known. We guarantee to refund your money if you are not satisfied with the vigorous health and clear complexion it brings you.

## EBERSOLE PIANO SPECIAL ART STYLE The Puritan

The Ebersole Piano has rapidly grown in favor with the best trade during recent years, and is unquestionably recognized as "one of the very best upright pianos built in the U. S."

If any dealer acquainted with our line is requested to name the six best uprights manufactured—those containing the highest degree of musical excellence to every purchaser—you will find the Ebersole somewhere in that line of six.

That class is the FIRST class, and the Ebersole naturally falls into the FIRST class.

Among buyers of FIRST class pianos, there is an increasing number who possess not only money, but good taste—true culture—who appreciate the artistic value of purity and simplicity of design, who prefer chaste lines in harmony, the choicest materials brought to the highest finish, over superfluous decoration, or novelty of design.

For that portion of the trade of the FIRST class our Puritan Ebersole Upright is designed.

There is a sincerity in these simple forms that is good to live with. They are restful like a tuneful melody, and in perfect accord with what we have devoted years of honest effort to build into the Ebersole Piano, a pure, resonant tone, a singing tone that sings as the voice sings, absolute durability.

This Puritan style is built in Mahogany only, has the Empire or Grand Lid, with triple Grand Hinges of brush brass. It is finished in either the Art Finish or Polished as desired. The true Art Finish cannot be produced by merely "fine-rubbing" a varnished case. It must be treated differently through every stage of the finishing process, and the soft satin finish of the Puritan costs the manufacturers more than the highest polish.

We Guarantee Parisian Sage to Cure Dandruff, Stop Falling Hair or Itching of the Scalp, in Two Weeks, or Money Back.—Giroux Mfg. Co. Sole American Makers of Parisian Sage.

The above is an offer we are most proud to make. It is an offer that no man or woman need be ashamed to accept. Parisian Sage is the quickest acting and most rejuvenating hair restorer in the world.

Its magical qualities have made it famous wherever it has been introduced.

It is the only hair restorer sold with an absolute guarantee to cure dandruff, stop falling hair or itching of the scalp.

It cures dandruff by killing the germs, and it kills them so promptly that the most skeptical give it their warmest praise.

But Parisian Sage is more than a cure for dandruff—it will make hair grow on any head where the hair bulb is not altogether dead.

And we want every reader of the Advocate to know that Parisian Sage is the most delightful hair dressing in the world. It is so pleasant to use, and its effect is so invigorating and refreshing, that it pleases everybody.

And to the ladies we wish to emphasize the fact that Parisian Sage is the only hair tonic in the world guaranteed to make the hair grow luxuriant, soft and beautiful.

The girl with the Auburn hair is on the outside package of every bottle of Parisian Sage. Evans' Drug Store sells it for 50 cents a large bottle, or you can get it direct, all express prepaid, from Giroux Mfg. Co., Buffalo, N. Y.

For a good wholesome, cheap, breakfast, always buy Mrs. Austin's pancake flour. Your grocer has a fresh supply. 2

## Bryan and Temperance

In the course of one of Mr. Bryan's lectures he said "I have two reasons for it is best for me, and, secondly, abstaining—first, I believe, even if I imagined I was strong enough to withstand the temptations of drink, I am not willing that my example as a Christian could lead others astray. I do not want to force my opinions on anyone else, but if anyone says he cannot live without intoxicants, send him to me, and I will answer him."

### BRYAN FAVORS LOCAL OPTION.

In a public statement made in June, 1908, Mr. Bryan again declared that he was a teetotaler, never having used liquor in his life as a beverage. He also declared that he favored Local Option, allowing communities to decide for themselves the license question.

## Liquor Privileges Raise Taxation

### The Greater Number of Saloons the Higher the Taxes

The following figures prove conclusively that taxes are in proportion to the number of saloons in any community.

Franklin county has one saloon for every 305 inhabitants, and pays \$2.25 taxes for every man, woman and child in the county.

Hamilton county has one saloon for every 236 inhabitants and pays \$1.09 taxes for every man, woman and child in the county.

Cuyahoga county has one saloon for every 219 persons in the county and pays \$4.10 for every man, woman and child in the county.

Licking county has only one saloon for every 585 inhabitants, and therefore its tax is lower than any of these, being only \$1.76 per capita.

Of take this table:

Chicago has one saloon for each 242 inhabitants and pays a total tax of \$10.60 for every man, woman and child in Chicago.

St. Louis has a saloon for every 222 inhabitants and pays a total tax of \$14.70 for every person living there.

New York, which has the most saloons, by far, of any city in the Union, having 10,537, pays a total of \$22.14 for every man, woman and child living in that city.

Just imagine every 222 persons in St. Louis, including children, supporting a saloon? And as more than half the population of that city are children and women, they do not drink liquors; it follows that each one hundred and eleven men in St. Louis support a saloon which according to the government records is about \$7,500. Nearly \$70 per man each year!

Poverty? Of course!

## Great Meetings in Favor of Local Option

### Dr. Young of Kentucky Tonight Meeting on Public Square With Grimes' Quartette Tonight

Wonderful interest is being shown in the meetings held by the Local Option Committee in the city of Newark, and throughout Licking county. The big meeting in Newark, addressed by Judge Covington of Georgia, at the Armory, last Friday, at which the Denison Glee Club Quartet sang, was a gratifying success, and everybody in the building were voters, who were desirous of being informed on the Local Option laws.

On Saturday, Grimes' quartet from Zanesville, sang County Option songs on the courthouse square, and the meeting of probably 500 voters, was addressed by Hon. J. F. Meek of Coshocton, on the west side of the square. At the conclusion of Mr. Meek's address a meeting was started on the east side of the square, which was addressed by J. F. Grimes of Zanesville, and fully 800 voters gave the speaker a respectful hearing. On Saturday night a large crowd assembled at the Armory to hear Hon. J. F. Meek and were entertained by the Denison Glee club. At the beginning of Mr. Meek's lecture in the Armory the glee club started a meeting on the courthouse square, which was addressed by Judge Donly, and later by J. F. Meek, and the attendance was fully 1000 voters.

On Sunday afternoon Hon. Louis Houck, former secretary of the late Governor Pattison, and leading officer of the Odd Fellows in Ohio, addressed an audience of men at the Y. M. C. A., the building being packed to the doors. In the course of his address, Mr. Houck took occasion to say that during the two years that Mt. Vernon was dry, the taxes were lower than at any time for 25 years, prior, thereto.

At the same hour that he meeting was being held at the Y. M. C. A., H. E. Buker of Zanesville, addressed an organization meeting of 150 ward-workers at the First M. E. church, and the enthusiasm displayed at this meeting of the Local Option workers in the city was indicative of the great victory which awaits the cause of God and right in Licking county on December 7.

At the same hour Judge Donly was addressing the women's meeting at which 600 women were in attendance in the Armory, and the women were organized for effective work during

the next two weeks. Judge Donly had met the women of the county outside of Newark on Saturday afternoon, and had organized them throughout every township. Arrangements were made to put organizers for the women throughout the townships of the county.

At 5:00, Sunday afternoon, Judge Donly of Coshocton, and Attorney H. E. Buker of Zanesville, addressed the joint meeting of the young people in the city at the Church of Christ, the attendance being 600 or more of the young people of the city, and the greatest enthusiasm prevailed.

On Sunday night, at the First M. E. Church, Judge Seward and Attorney Randolph addressed a magnificent audience. Judge Seward's address will be printed later.

This Monday evening, Dr. George Young of Kentucky, will address the citizens of Newark at the Armory. A meeting will also be held at the public square. Grimes' quartet of Zanesville, will appear at both of the meetings. Dr. Young is popularly known as the Abe Lincoln of the South, and is one of the great orators of the country. Everybody, regardless of what their views on local option are, are respectfully invited and welcomed at these meetings.

### Ring the Bells!

At the meeting of the women of the county on Saturday afternoon, and at the meeting of the city women on Sunday afternoon, arrangements were made that all farm bells throughout the county be rung at 9 o'clock every morning. Also the church bells in the city and villages throughout the county be rung at the same time. During the ringing of these bells the women of Licking county are requested to offer a prayer for five minutes that God will give victory to those engaged in fighting the foe of the American home—the saloon—and that the cause of local option may prevail in Licking county on December 7.

"RING OUT THE OLD, RING IN THE NEW!"

Ring out the old era of poverty, distress and crime. Ring in the new era of peace, happiness and prosperity.

### Mayor Feels Bad Because Compelled to Fine Gamblers and Saloonists

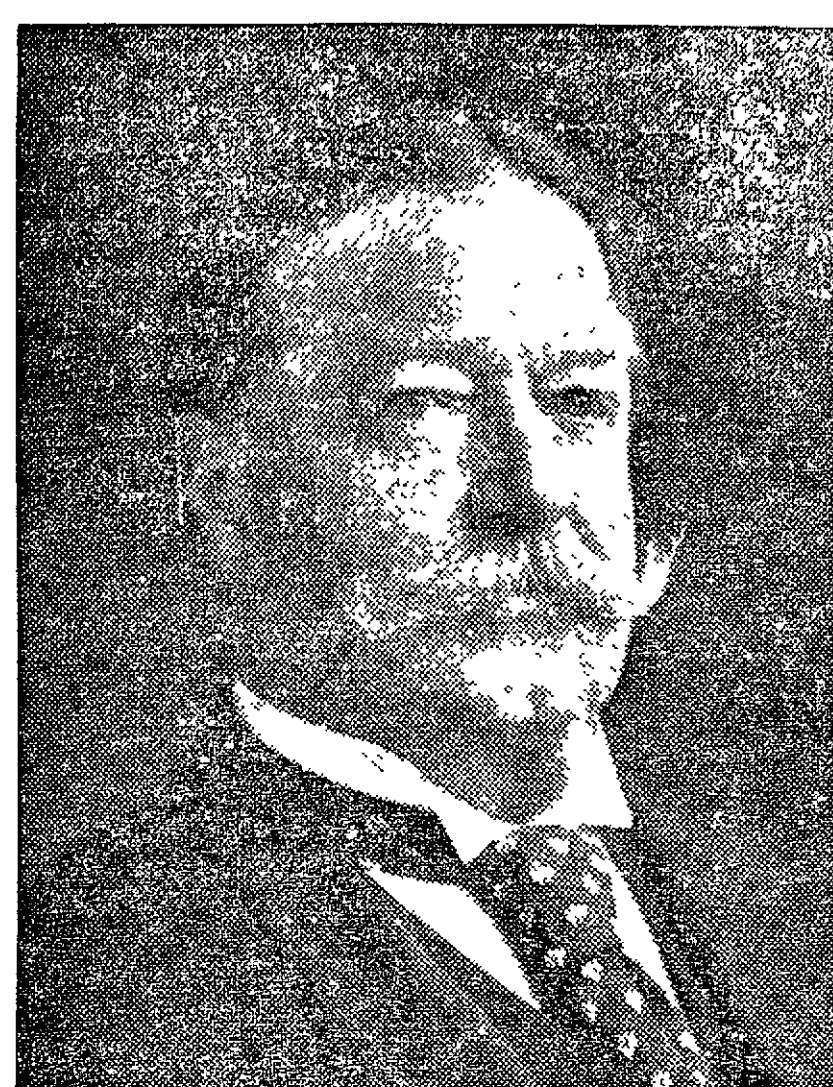

For the first time in many years an attempt was made to keep the saloons closed in Newark yesterday. This is a virtue that the mayor has but recently acquired, being brought about by the near-approach of the Local Option election in Newark and Licking county. But, notwithstanding the orders of the mayor to keep closed, the tax-increasing, god-defying, law-breaking saloonist could not stay closed on the Sabbath day, and several arrests were made for keeping open.

The arrests, however, were simply a farce and travesty on justice in the police court, Monday morning. Sam Jemmy, a saloonkeeper, charged with violating the Sunday closing ordinance, was before Mayor Atherton, and pleaded guilty. The mayor in an apologetic manner, said to the saloonkeeper: "This is the most disagreeable duty I have had to perform since my incumbency in office. However, he said that a fine would have to be assessed as the law provided, and in the manner of an apology, as if in fear that the saloonist might be offended, the mayor said: "I don't want any costs or the chief does not want any," but he assessed a fine.

Immediately after the above had transpired, R. W. Erskine, charged with gambling, was brought in. When asked what his plea would be he said: "Well, I was there." Mayor Atherton said to Erskine: "I feel as bad about this as you do yourself. And to guard against and prevent a repetition of the damnable offense, he proceeded to assess a fine of one dollar and costs.

Men of Newark, does it not make you hang your head in shame when you contemplate the courts of your city being dominated and domineered by the gang of saloonists and gamblers who, when caught so red-handed that they cannot escape, are the object of pity and apology from the chief of your fair city?

To do away with all this the saloons must go, and the saloons will go on December 7.

## Judge Taft Favors County Local Option

That local option is the one simple and practical method of applying the principle of home-rule, is the opinion of that eminent jurist and statesman, Hon. William H. Taft, just elected president of the United States. The speech in which Judge Taft took this ground was made two years ago, at a meeting of the Pennsylvania State Bar Association. His subject was "The Legislature and the Execution of the Laws." Following is a part of Judge Taft's speech, which bears directly on the subject.

"In the matter of framing the laws which are to govern a state or county, one of the most important considerations which should address itself to the legislature is whether the particular law to be enacted is one of such a character that in the nature of things, and of the people constituting the community in which it is to be enforced it is capable of practical enforcement."

In this class of laws affecting the sale of liquors, legislators have devised a method of local referendum, called local option, which has worked well because it is practical. Upon the simple issue whether saloons shall be prohibited in a particular community, it is entirely easy for the local public clearly to consider the issue and decide it.

"When it has expressed its opinion in the affirmative, the question of the practical operation of the law is thereby removed from the discussion."

When Judge Taft approves of the principle of County Option, why need anyone say that it is unfair?

### THE SALOON MUST GO!

## BACKED BY \$100 REWARD

### Voting Out Saloons Does Actually Lower Taxes.

There has never been a city or county or state that voted dry, in a normal financial year, that taxes were raised. If you know of one, write us. At the Columbus office of the Anti-Saloon League there is offered a reward of \$100.00 to any person who will cite a case in Ohio of a town raising the tax rate on account of voting out of the saloon. There are a great many saloon keepers now who would like to earn \$100.00. Here is an opportunity to do it. No one has claimed the reward because no place that can be found has raised the tax by voting out the saloon. Many have lowered it.

## The Tale of Nine Towns.

The following tables of the largest "dry" towns in Ohio show the net decrease in the tax rate after driving out the saloons:

|                           |                      |
|---------------------------|----------------------|
| Newcomerstown, O., dry    | 4.5 mills in 3 years |
| Athens, O.                | 3.8 mill in 1 year   |
| Washington C. H., O., dry | 1.5 mills in 2 years |
| Barnesville, O., dry      | 3.05 mills in 7 yrs. |
| Wooster, O., dry          | 1.5 mills in 2 years |
| Wellsville, O., dry       | 2.4 mills in 3 years |
| East Liverpool, O., dry   | 1.2 mills in 1 year  |
| Millersburg, O., dry      | 5.7 mills in 3 years |
| Jamestown, O., dry        | 4.4 mills in 6 years |

We judge the future by the experience of the past. When saloons have been voted out taxes have decreased. When saloons are in (as the experience of Licking county shows) taxes have increased.

The Board of Deputy State Supervisors of Election will be in session on the afternoon of December 5 for the purpose of issuing orders of registration from 5 to 7 o'clock.

### ALL NEWSPAPERS SHOULD COPY THIS

We cheerfully copy the following: "I hope that every newspaper in the country will copy this. If they will, they will do worlds of good for thousands of sick people who are now suffering as I did for years with my stomach and kidneys, but thanks to the wonderful medicine that is now doing so much good all over the country, I am liberated from my years of torture and am once more enjoying the great blessing of good health. For several years my back was hurting me most of the time, and I would have to get up from ten to fifteen times every night on account of my kidneys. My food would sour and burn in my stomach and I would bloat and belch until I would get dizzy and nervous. I was badly constipated, and had to be taking something all of the time. If I didn't I was sure to have a bad spell of sick headache. No one knows how much I did suffer, but after taking the great remedy, Root Juice, a short time, I began to improve, and after using about six bottles I am strong and well, and feel like a boy. I am glad to tell every sick person all about it, because I sympathize with those who suffer as I did." L. F. Pratt, South Bend, Ind. It is well known here that Root Juice is a wonderful medicine. It is sold for one dollar a bottle at the City Drug store.

### PROF. SIMKINS CARD

Newark, O., Nov. 23, 1908.

As reports are being circulated that are contrary to facts, I desire to say: On Wednesday, November 18, I wrote the following notice to the school principals:

"You will please see that the school and that the pupils while at school take no part whatever in the Local Option campaign in behalf of either party to the contest. Either party to the contest desiring to make announcements to the children must make them through the newspapers or otherwise but not through the public schools."

No parade is to be arranged by the schools as such; no announcements concerning parades or other matters are to be made; and no addresses are to be made.

Copies were mailed to the principals and to the president of the Board of Education the next day. The notice was written twenty-four hours before I knew a committee opposing local option was to wait upon me and no member of the Board of Education had mentioned the matter to me. I take the entire responsibility for neither the committee or the Board had a single thing to do with the matter; neither did I consult anybody else about the matter. I can easily prove that these statements are true.

No fair minded person can construe this notice to mean that I meant to say that teachers should not work for or against local option outside of school as such. When teachers have advised with me upon this subject I have replied, "That is none of my business," as they will testify.

While no one has endeavored to bring the schools into this contest, should any one desire so to do, he must get permission from a higher authority than I am.

It is my honest belief that the public schools should not be drawn into this bitter fight. Those wishing to use the children can use the Sunday school or some other means to reach them that will not force some of them to falsify. Coercion and intimidation are un-American in voting contests with adults and should be used with caution and judgment with children.

Outside of school as such, teachers and pupils have the same rights as any other citizen in this contest.

### LIBRARY SITE HERE SUGGESTED

Editor Advocate—I notice in Saturday's Advocate that the Carnegie Library question is again spoken of.

This being a public matter, I take the liberty of stating as to location. I have for sale a lot on West Main street, 60 by 155 feet to an alley. Situated nearly opposite the High school building, owned by Wm. Green, and adjoins his store room.

I want to be candid, and to save questions which might be asked as to price, will say, \$8500. Respectfully,  
GEO. WALLACE.

### ATTORNEYS

At Mansfield Are Disbarred, Having Been Found Guilty of Questionable Transactions.

Mansfield, O., Nov. 23.—The special commission that tried the cases of the Mansfield attorneys charged with misconduct involving moral turpitude today recommended the disbarment of L. C. Menger and Hubbard E. Bell, and the suspension for one year of George Moorhouse, all having been found guilty of questionable transactions.

AN OUT OF DATE LOVE LETTER.

Copyright, 1908, by American Press Association.

"Tom," said my sister, with an impressiveness that denoted she had something very important to say to me.

"What is it, Molly?"

"Before you go away this time I've something to say to you."

"Proceed."

"You have ceased to be a lover to your wife. I don't mean you have ceased to love her, but you've become so undemonstrative. When you are away and write her she tosses me your letters to read, half the time before she has read them herself, and they might as well come from a business partner. Not a word of love from beginning to end. If I had a husband who wrote me that way it would break my heart."

"How do you know it would? You haven't a husband."

"Haven't I a lover?" she bristled.

"That's different. Nevertheless I'm always grateful for any points that will enable me to draw Edith closer to me. To me my wife and children are more than all the world. You know how dear John is to you. Multiply that by a hundred and you'll get some idea of my affection for my family."

"That's simply and absolutely impossible."

"Goodby, sis. This time I'll write Edith a real love letter."

I kissed her, went into the kitchen, where Edith was baking bread, and kissed her, too—not the usual perfunctory marital kiss; I gave her one at which she looked a trifle surprised—hugged all the children and went for the train.

Since I came and went frequently I was accustomed when I arrived late at night to let myself into the back of the house and go to bed without waking the rest of the family. I was so busy during my absence that I hadn't written a word. On my return, which was at night, I went to my room as usual, mindful of my neglect and Molly's advice. In a desk in my room were some of our old love letters to Edith when we were engaged. I read one of them, and it occurred to me to copy it, take it out to the post, and it would be delivered the next morning before breakfast. This I did and went back to bed and to sleep, conscious of having performed my full duty as a loving husband.

The next morning I was awakened by a whistle and ring at the front door-bell. I went to the landing and looked over. The postman brought my letter. Molly received it and took it into the dining room, where I could hear the children's voices and a clatter of dishes at the breakfast table. I heard my wife say, "Read it to us, Molly," and the reply: "I'll do no such thing. Read it yourself." My wife's voice was next heard reading:

"Dearest, sweetest, loveliest Edith—

A brief pause, at the end of which I heard a burst of laughter from the sequestered Edith.

"I'm ashamed of you," said Molly. "Every husband should write his wife that way."

Edith read on: "Though I have been absent from you but a few days, every moment has hung heavy on my hands. I have counted the hours till I may fold my darling again in my arms."

"Goodness gracious!" exclaimed "my darling." "Has he lost his senses?" A brief pause. "Oh, heavens! He may be sick and delirious."

"No such thing," cried Molly. "He's simply showing his affection for you."

Edith read on: "When morning comes I say, 'Another long day,' and at evening, 'Another long night!'

"For heaven's sake, something dreadful has surely happened! Where can he be—in a hospital or—"

"Nonsense!" from Molly. "He is as well as you or I. What is there in the letter to make you think he's ill? John writes me that way?"

Edith read on: "Of course there are your letters. I read them over again and again till I can repeat them by heart—I haven't written him a line—then I sit down and, with your sweet words before me, reply to everything you have written me."

There was a pause—I may say a dreadful pause.

"Well, I declare! I never before knew that my husband was an idiot," said Molly (in a wail "can it be that he has written this twaddle to some other woman and sent it to me by mistake. I'll leave him! I'll be out of this house when he comes back."

This was followed by hysterical sobs. Running downstairs in my nightgown, I advanced to take my agonized wife in my arms. She repulsed me.

"Don't ever let me see your face again, you monster!"

"Why, darling, it's a love letter—a word of love I wrote you when we were engaged."

"Write me?"

"Yes, you."

"Do you mean that you wrote that to me?"

"I did."

"And I didn't send it right straight to you?"

"You sent it to me."

"Oh, my gracious goodness!"

"If Molly interposed, 'I suggested,'" she said, "that Tom was a little out in his letters and that he try to be better."

"Edith, reassured, consented to the children's come kiss from me, then, and her seat at table, suggested me to take my child into my arms, go upstairs and get on paper."

Letters among married people, I don't want any more of them.
